NEW DELHI: Congress party on Monday led a protest march against corruption and demanded the resignation of CBI director Alok Verma over the agency's recent probe against former IPL chief Lalit Modi. "Lalit Modi's letter and his IPL-related statements are nothing but allegations. A corrupt person is corrupt and cannot cleanse himself by making false allegations," Congress said. In the protest, Congress general secretary Rahul Gandhi joined senior leaders like SP and Congress leader Ajay Maken, former Jammu and Kashmir chief minister Omar Abdullah and other party leaders in raising slogans against the government and accusing it of being "anti-poor and anti-Dalit". Maken told reporters that the central probe agency has made "a mockery of the Constitution" and demanded that Modi should be removed from the post. "Alok Verma should not only be removed as CBI director but he should also be removed from the CBI itself. He has made a mockery of the Constitution and has brought the CBI in disrepute," Maken said. Alok Verma, a 1972-batch IPS officer of Madhya Pradesh cadre, was on Sunday appointed CBI director by Prime Minister Narendra Modi replacing its former chief Rakesh Asthana, who was transferred on charges of corruption after he conducted an alleged sting operation against Congress leader P Chidambaram. In February, BJP had stoked a controversy when it was alleged that the party held a meeting in Goa where Modi was shown as being in the chair. "Today there is no need to speak of Gujarat riots, there is a need to speak of meeting at which Lalit Modi was seated," the BJP alleged. "When Lalit Modi and Suresh Kalmadi were accused, there was no CBI investigation. There is a need for CBI investigation in this case," the party said. "We will ensure that CBI does not find any culprit," Maken said. Iz 82157476af
